Red Hawk Casino Awards \$1,202,518 Progressive Slot Jackpot

Christmas Comes Early for Lucky Local

PLACERVILLE, Calif. – Friday, Dec. 11, 2015 –Red Hawk Casino’s slots are heating up this winter with a life-changing jackpot of \$1,202,518 to a lucky Rewards Club Member.

Bradley, a contractor from Sacramento, was just down the street from Red Hawk Casino bidding on a job and decided to stop in after. He sat down at a 1,000,000 Degrees Wild 777 nickel slot and had been playing for less than ten minutes when the jackpot hit. Bradley initially thought he’d won a \$1,200 jackpot, and was stunned when a slot host explained he’d won the top progressive payout of \$1,202,518.

When asked what he planned to do with his winnings, Bradley said, “My first call was to my son. I’m going to help him get a car, and have a very nice Christmas.” Bradley plans to come back to play at Red Hawk again soon.

"It’s exciting to see our Rewards Club Members continue to win more jackpots, more often,” says Bryan deLugo, General Manager. “Our team members take great pride in providing an outstanding casino experience for each and every guest, proving why we continue to be voted Sacramento’s Best Casino."
