

Red Hawk Casino Kicks Off The New Year with Two Progressive Jackpot Payouts

Two Lucky Players Win Big On Slots and Table Games

Placerville, Calif., - Monday, January 04, 2016 – Red Hawk Casino is kicking the New Year off with big winning. Two lucky players won progressive jackpots on slots and table games over the New Year's weekend.

Linda, an Elite Rewards Club member from Galt, Calif., was visiting Red Hawk with her son to celebrate the New Year. They were having a great time playing some of their favorite slots. Linda said she had been on a lucky streak all day and wanted to try out the new Triple Blazin' 7s™ Quick Hit Platinum slot machine. After playing for less than 20 minutes the video symbols revealed the top progressive payout of \$210,059. It took Linda a moment to realize she'd won, and she was in shock to see she'd hit a six-figure jackpot.

The winning continued throughout the holiday weekend with a Fortune Pai Gow Poker progressive jackpot. A Platinum Rewards Club member from Elk Grove, who wished to remain anonymous, was at Red Hawk enjoying some of her favorite table games. As Red Hawk Casino offers a \$1 Pai Gow Progressive side bet, the lowest in Northern California, she decided to try her luck. Our lucky winner placed the small side bet and was dealt a seven card straight flush that resulted in a \$91,503 progressive jackpot.

"Red Hawk continues to provide guests with a large variety of table games and slots, along with first-class customer service, proving once again why we are voted Sacramento's 'Best Casino'," says Bryan deLugo, general manager.

Red Hawk Casino has been awarding more jackpots, to more winners, more often.
